Meaningful infrastructure investment would have the potential to strengthen the economy, bringing the country a step closer to achieving the NDP's commitment for the economy to attain 5.5% year-on-year economic growth, a 6% unemployment rate and 30% gross fixed capital formation to GDP.

UNDER THE STEWARDSHIP OF

HON. DEAN MACPHERSON MINISTER OF PUBLIC WORKS AND INFRASTRUCTURE

public works & infrastructure
Department:
Public Works and Infrastructure
REPUBLIC OF SOUTH AFRICA

The Sustainable Infrastructure Development Symposium - South Africa (SIDS-SA) is the annual flagship event organised by Infrastructure South Africa.

SIDSSA brings together thought leaders, government representatives, infrastructure funding and financing institutions and industry experts to discuss key strategies and share insights into the best practices for infrastructure development and investment.

This installment of the SIDSSA is the first of the 7th Administration and will aim to, interalia, showcase infrastructure investment opportunities in both South Africa and the African continent. It is the intention of the Symposium to foster regional cooperation and integration as envisaged by the Programme for Infrastructure Development in Africa.

- Announcement of the top 12 Infrastructure Priorities for project preparation 2025/2026 Financial Year.
- **2nd Edition Construction Book.**
- New international partnerships and co-operations stemming from international visits.
- Provide a progress update on the Strategic Integrated Projects as well as the Infrastructure Fund Project Pipeline.
- Provide a progress report on last year's Top 12 projects and others receiving Project Preparation funding from ISA.
- Unpack thought leadership work and contributions to the infrastructure discourse in the country.
